KANGMIN NOH

EDUCATION

Seoul National University Mar 2023 – Present
B.S. in Mechanical Engineering
GPA: 3.92 / 4.3

Daegu Science High School Mar 2020 – Jan 2023
Science Academy for the Gifted

RESEARCH EXPERIENCE

IDIM Laboratory, Seoul National University Jul – Dec 2026
Research Intern | Reinforcement Learning for Humanoid Robotics
- Researching reinforcement learning for humanoid robotics.
- Working with the Unitree G1 humanoid platform on learning-based robotic control and manipulation.

RESEARCH INTERESTS

Robotics, Control, Reinforcement Learning, Humanoids

SELECTED PROJECTS

AI Robot Challenge - Fully Autonomous Robotic Manipulation Jan – Jul 2026
- Developed a fully autonomous robotic system that performs real-time target estimation and grasps specified objects.
- Integrated perception, target localization, and robotic manipulation into an end-to-end autonomous workflow.

AI-Robotics Volunteer Corps Follow-up In-depth Solution Development Program Aug 2026
- Developed a four-channel vision-based inspection solution for identifying multiple defect modes in plastic injection molding proposed by an industry partner.
- Analyzed visual information from multiple viewpoints to distinguish and detect manufacturing defects.

LEADERSHIP & ACTIVITIES

MERO - Mechanical Engineering Robotics Club, Seoul National University Jan – Dec 2026
Vice President
- Lead and coordinate activities in the departmental robotics club and participate in undergraduate robotics projects.

RoboticUS - SNU-KAIST Robotics Club Alliance Aug 2026
Hackathon Organizing Committee
- Planned and operated a joint robotics hackathon for students from Seoul National University and KAIST.

SCHOLARSHIPS

SNU Development Foundation Scholarship | Sep 2026
Academic Excellence Scholarship, Seoul National University | Sep 2023 – Present

MILITARY SERVICE

Republic of Korea Army Jul 2024 – Jan 2026
Sergeant

TECHNICAL SKILLS

Programming: Python, C/C++, MATLAB, Java
Robotics / AI: ROS2, Gazebo, MuJoCo, Isaac Sim, PyTorch, Conda
CAD / Engineering: SolidWorks, Ansys, Autodesk
